New Playground at Nyaung Ywar School

Children of neighbouring Nyaung Ywar School have a brand new playground, built with the aqua class fees. It's taken almost two years, (and a lot of aqua classes!), to save for the playground, but it was all worth it seeing the happy faces of the children playing. Thanks to all those who have supported the aqua classes, as well as the additional donations by some of our Residents, to make this project possible. Special thanks also to Jon Skipper and Aung Myat Thu for their project management assistance of the project.
